

Families Helping Families

Volunteer Interest Form

We sincerely appreciate your volunteering with Families Helping Families. We work with individual families, providing housing, mentoring and supportive services, as they work toward self-sufficiency. We emphasize education and financial literacy as the primary tools for this process. We're a not-for-profit 501(3)(c) under the umbrella of Bridge Communities; every dollar of our funding goes to our families. The structure and commitment of our volunteer group creates **no overhead costs**.

Your assistance to help us provide some of those needed services below is invaluable. Thank you very much for your interest and your willingness to share your gifts with those in need.
